! Note: The technical committees (TCs) have been subdivided per subject group (i.e. sterilization standards, biocompatibility standards, cleanroom technology, etc.). We have grouped the overlapping CEN and ISO TCs together within one particular subject.

4) If you want to be an expert (i.e. participating at the international meetings of CEN and/or ISO in name of the Belgian mirror group), please write the TCs / WGs / SCs in the table below for which you want to become expert:

UNAMEC standards has to communicate this yearly to NBN, otherwise you can't participate at these international meetings.
